PROFILE

A professional photographer with *three years* of dedicated studio and field practice at Qaiser Studio, Gujarkhan — specialising in wedding, portrait, commercial, and event photography. Consistent record of delivering technically precise, aesthetically refined images across commissions ranging from intimate family portraits to large-scale ceremonial and corporate productions. Proficient across professional DSLR and mirrorless systems, studio lighting, and on-location setups, with strong post-production craft in Adobe Lightroom and Photoshop, and known for meticulous attention to detail and calm, reliable delivery under pressure.

EXPERIENCE

Professional Photographer

2023 — 2026

Qaiser Studio · Shopping Center, Shop #93, Gujarkhan, Punjab, Pakistan

- Delivered full-cycle photography across weddings, Nikah & Walima receptions, commercial campaigns, portrait sessions, and large-scale corporate and community events.
- Led pre-shoot consultations — advising clients on concepts, locations, wardrobe, and packages — and translated each brief into a clear, workable creative plan.
- Directed subjects and groups on set, from bridal parties and families to corporate and automotive & luxury commissions, drawing out natural, confident expressions and poses.
- Designed and executed lighting setups for both controlled studio work and unpredictable on-location conditions, adapting quickly to venues, available light, and weather.
- Operated and maintained professional DSLR and mirrorless camera bodies alongside a full studio lighting and grip infrastructure.
- Covered fast-paced live events with minimal disruption — capturing speeches, performances, and key ceremonial moments exactly as they unfolded.
- Handled comprehensive post-production in Adobe Lightroom and Photoshop — culling, editing, retouching, and colour grading to a consistent finished standard.
- Maintained organised image catalogues with reliable backups, ensuring prompt and dependable gallery delivery to every client.
- Managed timelines, client expectations, and deliverables independently, earning repeat bookings and referrals through consistent quality and professionalism.
